

Spencer Durfey

Kearns, UT | 801-244-7565 | durfey_32@yahoo.com | GitHub: [durfey32](#) | [linkedin.com/in/spencer-durfey/](#) | [Portfolio](#)

Summary

Motivated professional with a strong foundation in analytical processes, technical problem-solving, and team collaboration. Transitioning from a successful 5+ year career in laboratory technology to software engineering, leveraging expertise in process optimization, data analysis, and technology integration. Known for adaptability, attention to detail, and a commitment to continual learning and improvement.

Technical Skills

Front End

HTML, CSS, Bootstrap, JavaScript, TypeScript, React.js, jQuery, AJAX.

Back End

Node.js, Express.js, REST APIs, Sequelize, bcrypt, JSON Web Token (JWT), MongoDB, Mongoose, PostgreSQL, NoSQL, PyMongo, Python, YAML, APIs.

Tools and Methodologies

Git, GitHub, GitHub Actions, CI/CD, CircleCI, Command Line Interface, Insomnia, Agile Methodologies, Cypress, DOM, Developer Tools, MongoDB Compass, Prompt Engineering, Responsive Web Design, Test-Driven Development (TDD), Vite, Visual Studio Code, Web Accessibility, Wireframing.

Professional Skills

Problem-Solving, Research Skills, Time Management, Collaboration, Documentation Review, Operational Efficiency. Specialized Systems: Laboratory Information Management Systems (LIMS), HPLC-MS, Mass Spectrometer

Relevant Experience

Portfolio | [Github](#) | [Deployed](#)

- Portfolio showcasing web development projects, demonstrating proficiency in front-end and back-end technologies.
- Role: sole author

Workout with Mental Health | [Github](#) | [Deployed](#)

- Workout with Mental Health is a comprehensive fitness and mental wellness platform powered by a Python Flask backend and React frontend, offering personalized workout routines, meal plans, and journaling tools to support a balanced lifestyle.
- Role: Primarily Backend Python

GameCenter | [Github](#) | [Deployed](#)

- Developed a full-stack JavaScript GameCenter with local storage, featuring Tic-Tac-Toe and Connect Four, demonstrating teamwork, problem-solving, and front-end development skills.
- Role: Tic-Tac-Toe, Home page, Statistics page.

Book Search Engine | [Github](#) | [Deployed](#)

- Developed a full-stack web application using React and Node.js with a GraphQL API to search for books, manage reading lists, and implement JWT-based user authentication.
 - Role: sole author
-

Accomplishments

- Recognized as Employee of the Month at ARUP in November 2019 for exceptional performance and dedication to quality and efficiency.
-

Education

- **University of Utah** | Salt Lake City, UT
Software Development (Coding) Boot Camp
 - **University of Utah** | Salt Lake City, UT
Bachelor's in Exercise Sports and Science | 05/2015 | GPA: 3.04
 - **Snow College** | Ephraim, UT
General Studies | 05/2011 | GPA: 3.5
-

Professional Experience

Technologist

ARUP Laboratories | Salt Lake City, UT | 01/2017 – Present

- Ensured lab equipment worked flawlessly, made precise chemical solutions, and teamed up with colleagues to improve workflows and meet quality standards.

Senior Technician

ARUP Laboratories | Salt Lake City, UT | 09/2015 – 01/2017

- Handled specimens and ensured accurate data transfer while working with the team to improve lab workflows and boost efficiency.

Certified Nursing Assistant (CNA)

Holladay Healthcare Center | Holladay, UT | 07/2014 – 08/2015

- Supported residents' daily needs with care and built strong communication skills through collaboration with residents and nursing staff.
